Elämää varten.

In Hattula you'll find the Church of the Holy Cross. This medieval monument was constructed sometime between 1472 and 1490, and was a popular site of pilgrimage during the Middle Ages.

It continues today to attract all visitors, who travel to see its famous lime paint frescoes. These frescoes, painted in the Late Gothic style are absolutely fascinating.

The Historic Lepaa Manor is surrounded by beautiful parks and lovely yellow buildings. Visitors are encouraged to wander through these impressive parklands and gardens. This beautiful manor offers charming accommodation options, a lovely restaurant for dining, and many activities such as golf and kayaking.

The Parola Armoured Museum is a must-visit site for any war-history buffs. It boasts Finland's most extensive collection of tanks, armoured vehicles and anti-tank guns used by the Finnish Defence Forces throughout their history.

There are a large number of tanks that were captured during the Winter War of 1939-40 and the Continuation War of 1941-44. There is also an armoured train, with a gorgeous old steam engine.

The other popular destination there is Lepaa Country Winery that has become a popular day tour destination.

Today, some of finest Finnish berry wines are produced there, and visitors are invited to partake in daily wine tastings, or even take a guided tour of the winery's production plant and cellars.

A little further on from Lepaa lies the Petäys Resort, a luxury leisure centre on the shores of Lake Vanajavesi. Petäys Resort includes a hotel, a number of saunas, excellent conference and meeting facilities, its own guest harbour, and access to all the diverse activities in the area.

The brand new multipurpose Juteini centre features an outdoor park, a sports park for the kids, and excellent indoor facilities for modern studying and sports like volleyball, badminton, and floorball.

Inkala Manor is a delightful and charming manor home that is famous for its traditional country-kitchen serving tasty meals, made from locally produced ingredients.
